

## The Global Financial Network (GFN) Powered By Hibernia Atlantic

SUMMIT, NJ & DUBLIN, IRELAND, December 9, 2008: Hibernia Atlantic is a privately held, US-owned, TransAtlantic submarine and terrestrial cable network with over 55 redundant network Points of Presence throughout Canada, US, UK and Europe. Hibernia specifically designed the Global Financial Network (GFN) to meet the demanding performance and reliability requirements of the financial community. The GFN is layered over Hibernia's current diverse footprint in key financial cities including Toronto, Montreal, Chicago, Boston, Philadelphia, Weehawken, Newark, White Plains, New York, Reading and London and the dedicated POS connection it offers is secure, reliable and guaranteed for each customer.

Joe Hilt, Vice President of Sales and Marketing for Hibernia Metro, said "We are providing our financial clients with guaranteed speed and accuracy." "Hibernia's network lets the GFN provide the fast active service, low-latency and high performance solution our financial clients have been asking for. Attractive pricing, rapid provisioning and diversity are just some of the buying benefits."

Hibernia's GFN platform combines operational excellence and innovative engineering to provide guaranteed results. CFA/LOA (cross connect coordinates) are sent within 24-hours and are backed by industry-leading service level agreements. "Reliability guarantees are being met on the GFN by offering a **free month of service** to new customers if they are not lit within 5 days of contract signature," Hilt added.

GFN's network is engineered for high speed and improved delivery of financial data allowing customers to enjoy its full range of services and support. Round-the-clock dual NOC support ensures 24/7/365 security and monitoring for all customer trading. It is because Hibernia understands the critical issues and challenges facing today's automated traders that the GFN will provide portability to multiple exchanges bridging the North American and European marketplace. A single connection to the GFN is all it takes to gain access to over 750 global banks, financial exchanges and trading platforms. This is only the beginning as additional GFN network sites are currently under construction.

GFN's Pop list includes: 60 Hudson St., 25 Broadway, 75 Broad St., 111 8<sup>th</sup> Ave., 32 A-of-A, 300 Boulevard East, 165 Halsey St., 360 Hamilton Ave., 401 North Broad St., 1 Summer St., 601 Congress, 350 East Cermak, 400 South LaSalle, 5 Riverbend, 1351 Washington Boulevard, 1400 Federal Boulevard, 275 Hartz Way, 755 Secaucus Road, Unit 12 Nimrod Industrial Estate, 14 Corriander Avenue, 2 Buckingham Avenue, 151 Front Street, 875 Rue St-Antoine Ouest, 625 Boulevard Rene Levesque Ouest and 1250 Boulevard René Lévesque West, 800 Victoria Square, 3500 Steeles Avenue East and 130 King Street West.
